

MEET CARON

I was born in New York, the oldest of five children, but most of my life has been spent in the Pacific Northwest. Between my love of world travel and over 20 years working with vulnerable organizations serving children and families I have gained a global service perspective.

I have a proven track record for facilitating and successfully designing, developing and implementing comprehensive organizational systems that have resulted in effective management practices, increased productivity, integrated innovative solutions, and a sustainable financial organization base. Through these educational and work experiences I have learned the values that underpin my work. I am committed to my own growth in attitude and inclusive action.

EDUCATION: Master's Degree in Educational Administration and a Master's Degree in Spirituality. I am a certified Resiliency trainer and an independent certified leadership coach and trainer with the John C. Maxwell Team.
